FIRE SAFETY CHECK LIST

Fire Safety at College is something that should be taken serious. Listed below are some things to consider when choosing a school or if you already live in a dorm.

Make a plan, know at least two ways out. Practice your fire escape route and share it with your roommates.

Take fire alarms seriously, don't ignore fire alarms, don't wait to see fire or smoke, don't worry about grabbing your stuff.

If you get caught in a fire situation, survival is your top priority. Feel the door and if it's hot find another way out. Get out of the building before phoning for help, pull the fire alarm on your way out. Don't look for other people or gather up your stuff, get low and go and when you get outside stay out.
